

Kenneth Osei-Sarfo, Freelance Twi Interpreter

London, NW9 5ZD, United Kingdom, +44 7768148509, koslearner3@gmail.com

SUMMARY

Dedicated and skilled interpreter with a strong background in biomedical science and over six years of customer service experience. Proficient in delivering clear, accurate translations and fostering effective communication in diverse settings. Successful in creating positive client relationships and ensuring understanding through compassionate interactions. Passionate about leveraging linguistic abilities and cultural insights to enhance communication, ready to contribute significantly as an interpreter within the freelance domain, meeting the dynamic needs of various clients.

WORK EXPERIENCE

11/2021 – 06/2022	Health Care Assistant, Lee Care	Kent
	• Leveraging my background as a biomedical science student, I provided exceptional care to elderly individuals, positively impacting their well-being and comfort through a thorough understanding of human biology and health. • In my role, I offered compassionate support to older individuals managing mental health challenges, executing daily tasks such as bed-making and personal hygiene while prioritising their dignity and respect. • Facilitated effective communication with those under my care, fostering trusting relationships through regular dialogue. My biomedical science knowledge empowered me to confidently manage medications, ensuring the safety and health of my clients. • My holistic approach, shaped by my education, set me apart as a compassionate and skilled care worker committed to making a meaningful difference in the lives of others.	
11/2020 – 01/2021	Warehouse Worker, Dpd Bulwell	Nottingham, UK
	• Executed the picking, scanning, and parking of boxes according to postcode for final delivery, collaborating with team members to ensure safety and adherence to operational standards, thereby preventing item damage and potential injury. • Assembled loaded cages and trays for quick access by delivery drivers, enhancing efficiency in the delivery process. • Sorted M&S clothing on trays, demonstrating effective teamwork and strong communication skills.	
06/2017 – 04/2018	Warehouse Operative, Gi Group	Nottingham, UK
	• Adhered to Good Manufacturing Procedures (GMP) to ensure compliance with quality standards for customers and products. • Documented hourly production data, including product quantities tested, as well as dates and times. • Executed loading, inspection, and packaging of raw products for customer orders, ensuring quality and accuracy in fulfilment. • Transferring raw products to processing lines and efficiently disassembling barrier sprayers following sanitation protocols. • Ensured proper packaging for all finished products, maintaining operational excellence to meet tight deadlines.	

09/2017 – 02/2018	Kitchen Chef, Hooters	Nottingham
	• Prepared and organised cooked food to high standards, ensuring consistency in quality and presentation. • Maintained a clean and safe workspace and equipment before and after each shift, in compliance with health and safety regulations with collaborative assistance from colleagues. • Conducted thorough checks on products for damages and expiration dates to ensure food safety.	
12/2016 – 06/2017	Packer, News Logistics UK	London, UK
	• Set up tables and machines for team members, assisting in a smooth packing process. • Accurately counted and packed newspapers and magazines, including Fabulous, Sections, and Sunday Times.	
10/2015 – 03/2017	Assistant / Customer Service, Tosk Production	London
07/2018 – Present	Barber, Self-employed	Nottingham, United Kingdom
	• With six years of experience in the barbering industry, I have established a reputation for delivering exceptional client service, consistently exceeding expectations. • My proficiency in various cutting and styling techniques allows me to offer each client a personalised and tailored experience, marked by unique and trend-setting hairstyles. • Committed to staying current with industry trends, I regularly attend workshops and training to enhance my skills, ensuring my expertise remains at the forefront of the evolving barbering landscape. • Recognised for my professionalism and ability to perform under pressure, my strong work ethic and dedication to my craft distinguish me as an outstanding candidate for barbering roles.	

EDUCATION

09/2023 – Present	Middlesex University	London
	Undergraduate, Biomedical Science	
	• Focusing on biological data analysis and scientific research methodology, with an emphasis on interpretation. • Modules include cell and biomolecular science, molecular biology, clinical genetics, immunology, infectious science, haematology and blood transfusion, and clinical biochemistry.	
09/2017 – 06/2019	Nottingham College	Nottingham
	Diploma, Biomedical Science, Biology, Physics	
	• Comprehensive studies in Maths, Physics, Chemistry, and Biology.
